RE: Telephone Appointment for a FREE lung health check

We are working with the NHS to offer FREE lung health checks and would like to invite you to attend a telephone appointment.

Lung health checks will help find out if your lungs are working as they should be. It's really important to take up your appointment. Even if you feel well, the check could spot any issues at an earlier stage, making it much easier to treat you.

Please find a booklet enclosed that describes what a lung health check is in more detail. Your initial appointment will be over the telephone and will last approximately 10-15 minutes. For more information about lung health checks in Nottingham City please visit www.nottslunghealthcheck.nhs.uk
